CLIMA COVER LINEA MODEL

Design cover for external ventilation units

Product informations

Clima Cover protects the outdoor unit from the weather, accidental damage or vandalism.
Featuring contemporary design and modern patterns, they are made of galvanized steel and designed to withstand the saltiness of the sea through special treatments and specific paints.

RAIN RUNOFF

In all versions, the top panel is made with a minimal slope to encourage water runoff to the front of the cover.

VERSATILITY

Possibility of turning the cover upside down to decorate with flower pots, stones, etc.

PAINTING

Polyester paint provides high resistance to weathering, preserving the color over time.
This lead-free product fully meets the following standards:
GSB Standard
Qualicoat Class 1

- EN 12206
- EN 13438
- AAMA 2603

The cover is available in RAL 9002 white color. The following colors are available upon request:
