

DIELECTRIC INSULATION TAPE

Dielectric and self-extinguishing

Product informations

Insulation tape with natural rubber-based adhesive, used for electrical taping, for repairing dielectric joints, in the junction of cables and insulation coatings of duct.

Technical Features

<i>DIELECTRIC RIGIDITY</i>	8000 V
<i>WORKING TEMPERATURE</i>	- 20°C ÷ + 80°C
<i>THICKNESS</i>	0,18 MM
<i>INSULATION CLASS</i>	Y
<i>RESISTANCE TO UV RAYS</i>	EXCELLENT
<i>SELF-EXTINGUISHING CLASS</i>	APP. C, CEI 15-5
